III. AI Visibility Score

Track your press release performance across AI models.

AI Visibility Score

8.6 / 10

This AI Visibility Score shows how your press release goes beyond media coverage to become a long-term, LLM-discoverable digital asset positioning your brand to be found, referenced, and reused in the next generation of search and answer systems.

How the AI Visibility Score Is Calculated?

The AI Visibility Score evaluates your press release's online presence post-distribution using AI-driven analysis. We assess publicly accessible, LLM-indexable publications in your distribution languages, measuring domain authority, content quality, and retrievability. This indicates how effectively your message is positioned to appear in AI-generated answers across Google AI Overview, ChatGPT, Perplexity, and Claude.
