I. Brief - PR Results

The media monitoring outputs of the press release are summarized in four key metrics.

New

AI Visibility Score is now in your report !

III. AI Visibility Score

Track your press release performance across AI models.

AI Visibility Score

This AI Visibility Score shows how your press release goes beyond media coverage to become a long-term, LLM-discoverable digital asset positioning your brand to be found, referenced, and reused in the next generation of search and answer systems.

How the AI Visibility Score Is Calculated?

The AI Visibility Score evaluates your press release's online presence post-distribution using AI-driven analysis. We assess publicly accessible, LLM-indexable publications in your distribution languages, measuring domain authority, content quality, and retrievability. This indicates how effectively your message is positioned to appear in AI-generated answers across Google AI Overview, ChatGPT, Perplexity, and Claude.

IV. Coverage Report

In this section, you'll discover a compilation of news websites where the press release is accessible.

Click on a recipient to view your story on their web site. While we deliver to the following recipients, it is ultimately the recipient's decision whether or not to display your news release. A number of our recipients display stories to their registered users only; in these cases the links below will only direct you to a public page representing the recipient.
