AI Visibility Score is now in your report !

### III. AI Visibility Score

Track your press release performance across AI models.

AI Visibility Score

9.2 / 10

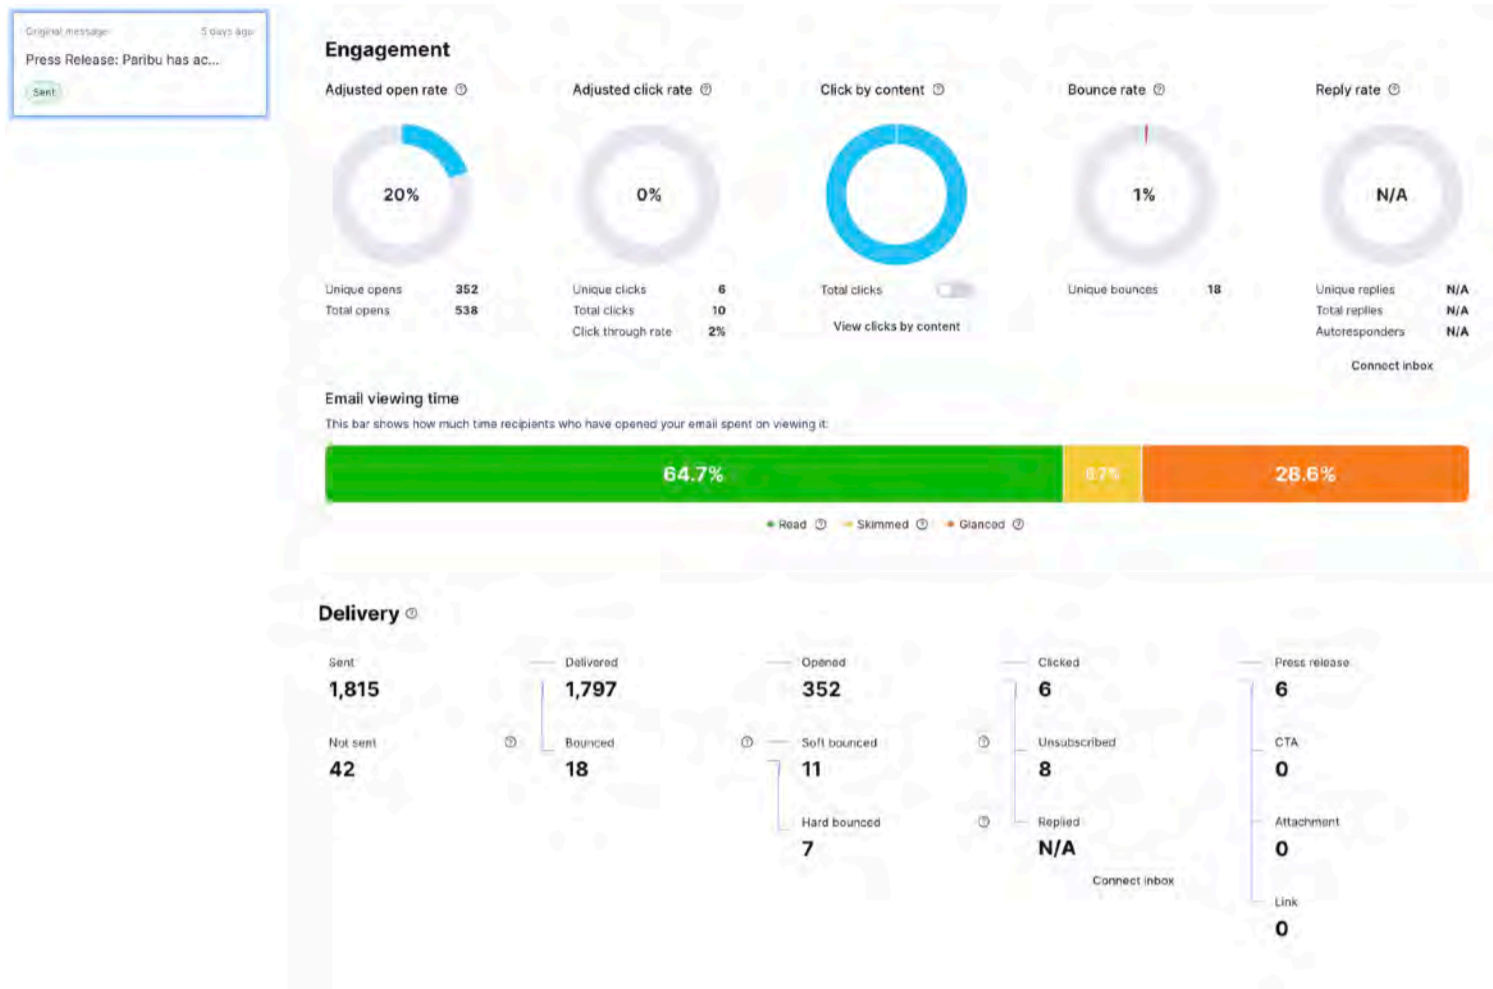

This AI Visibility Score shows how your press release goes beyond media coverage to become a long-term, LLM-discoverable digital asset positioning your brand to be found, referenced, and reused in the next generation of search and answer systems.

#### How the AI Visibility Score Is Calculated?

The AI Visibility Score evaluates your press release's online presence post-distribution using AI-driven analysis. We assess publicly accessible, LLM-indexable publications in your distribution languages, measuring domain authority, content quality, and retrievability. This indicates how effectively your message is positioned to appear in AI-generated answers across Google AI Overview, ChatGPT, Perplexity, and Claude.

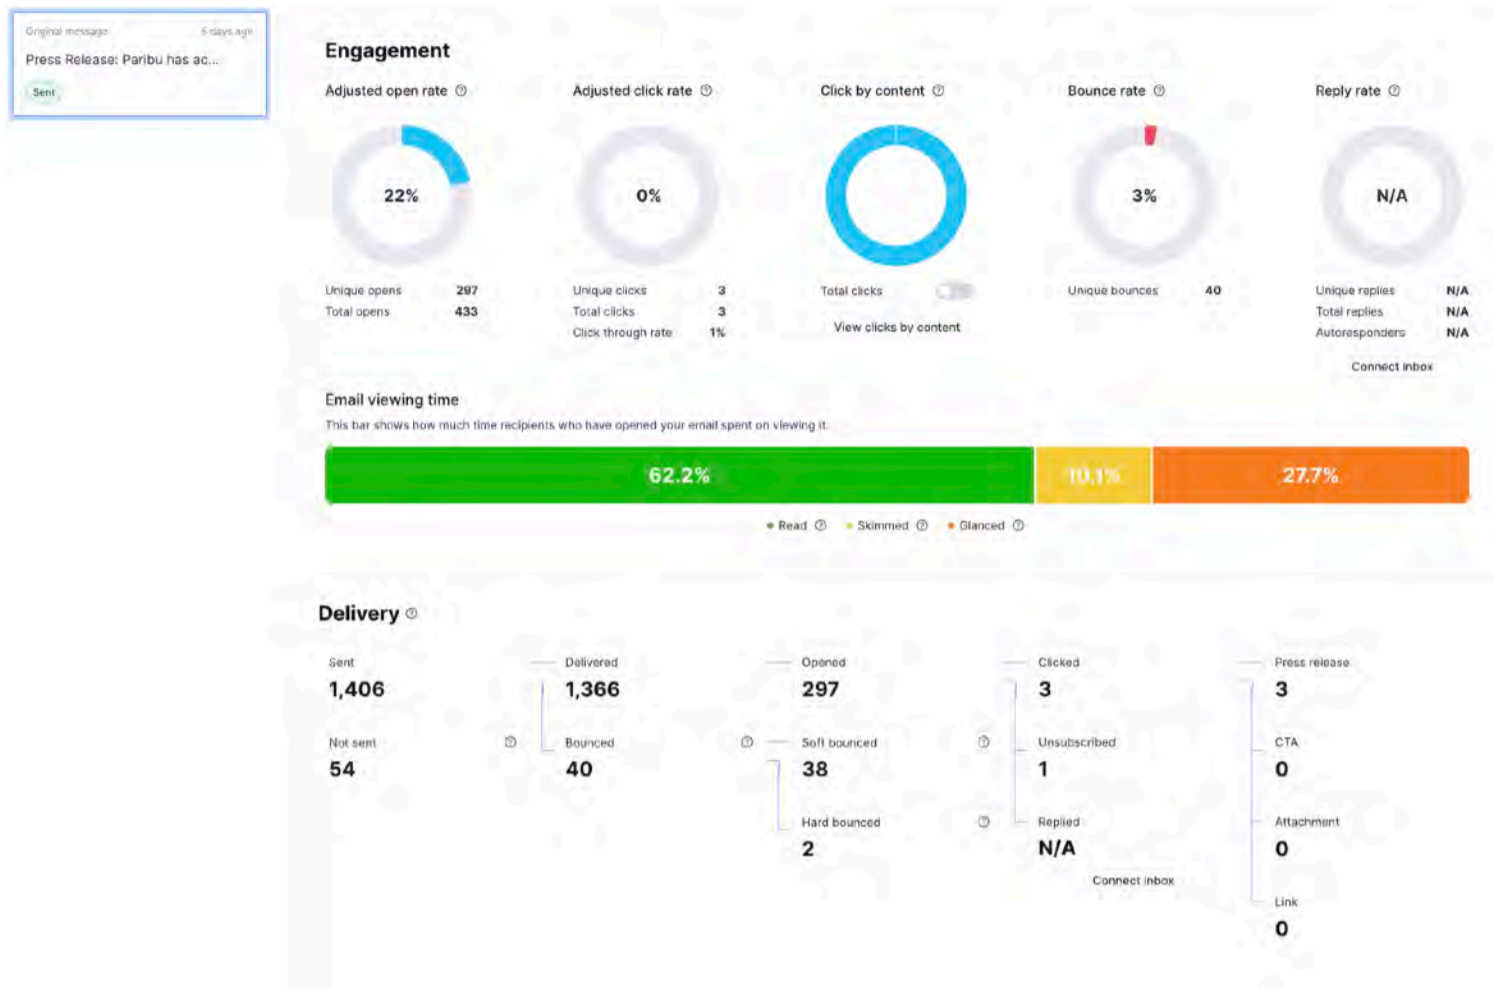

**Media List Distribution**

This section provides a segmented media list distribution report for the press release, ensuring that the content was sent to relevant media outlets and journalists.

**Media List Distribution**

This section provides a segmented media list distribution report for the press release, ensuring that the content was sent to relevant media outlets and journalists.

**III. Coverage Report**

*In this section, you'll discover a compilation of news websites where the press release is accessible.*

Click on a recipient to view your story on their website. While we deliver to the following recipients, it is ultimately the recipient's decision whether or not to display your news release. A number of our recipients display stories to their registered users only; in these cases the links below will only direct you to a public page representing the recipient.
